

COVID-19 UPDATE

Building Access

As you plan your return to Denver Energy Center, please see the policies in place to help protect you and your staff.

- For ongoing occupancy safety at Denver Energy Center all tenant and staff foot traffic will enter through the card reader doors located on the Plaza/16th Street Mall side of the buildings.
- Each occupant and staff are required to carry their building issued photo identification access card with them for access into the building, stairwells, and to use the elevators.
- We have established a one-way foot traffic flow pattern in our lobbies and our stairwells.
 - There are stanchions, caution tape, and directional signs to the elevators or stairs.
 - Exiting of the buildings will take place on the Broadway side for 1675 and Cleveland side for 1625.
- Please maintain no less than 6' distance from others while in common areas.
- Please adhere to the two person per elevator guideline.
- While in the common areas of the property; the Plaza, lobbies, restrooms, stairwells, etc., each occupant staff and/or guest should wear a face mask per local and federal government and health agencies guidelines.
- If you are expecting visitors or guests, please be certain they have a phone number to reach your office.
 - Tenants will be required to meet their guests at the entry and escort them into the building and to their suites.
- **ALL** deliveries must take place through the dock including FedEx, DHL, UPS, couriers and all other deliveries.
